any time.  
we are all working to get this advanced.

Please ask the steelworkers union to get us their memo when it is available and we can see if we can leverage that.

Subject: RE: NYCO

Here's what I have as their criteria.  
Its marked as draft; I do not know if this has been finalized.

As to your other question:

S.4688 LITTLE -- NYCO constitutional amendment Authorizes the state to engage in a land exchange with NYCO Minerals, Inc. relating to certain land in the town of Lewis, county of Essex, within the forest preserve (second passage)

The Assembly has not yet introduced the bill though the Commissioner and I met with Assemblyman Sweeney last Monday. We are also setting up meetings with various environmental groups for next week.

Great news on the steelworkers!

Thanks-

Julie

Good news Peter. Thanks. I forgot to get the Council letter from Julie so by copy of this e-mail I am asking Julie to send you the Council criteria letter on what it would take for their support. Will be in touch.

Rob.

Rob,

You must be clairvoyant! Just heard that we will get Steelworker support. Does Julie T have a Bill number yet? So we can pass to the Steelworkers. If she doesn't know I'll contact Dan Stec. We came to a working agreement with Peter S. so on that front they also will be attempting to secure an acceptable option. No word from Ward yet!  
Any insight on the Council letter? You were going to get details.

Regards  
Peter
