

Estimated New York State Property Tax Payments for 2011 by Town in the Adirondack Park

Here's an explanation of the Real Property Tax Law Sections in the following chart:

RPTL 532A: This the section of law that requires state payment of property taxes on Forest Preserve Lands.

RPTL 532B : This is the section of law for state lands in Altona and Dannemora (not including the Clinton Correctional Facility).

RPTL 533: This is the section of law requiring state tax payments for state-held conservation easements.

RPTL 534: This section of law governs state tax payments on state Reforestation Areas.

RPTL 536B: This section applies to lands in 19 towns, mostly in the Catskills, but does include the Town of Ellenburg (Clinton County).

RPTL 536C: This section applies to certain special school districts and towns, includes Dannemora and Saranac school districts.

RPTL 542: This is the aggregate additional assessment in which some towns, as identified around the enactment of the APA Act, were granted an additional payment by the state based on state ownership and total assessments in 1960.

RPTL 545: This section applies to the state "transition assessment" that is triggered by a variety of conditions. It has the impact of increasing the overall state tax payment.

ECL 15-2115: This is the section of law that provides for state payment of taxes on special river regulating districts.
