Dave -

I was wondering if we could meet with you to discuss the potential land swap related to NYCO Wednesday afternoon or Thursday at some point.
Please let me know if that would be possible.
Thanks-
Julie

Dave -

Thanks for getting back to me so quickly.

Understood and I'm not sure that we would expect your position to change however land has been secured that would be available for an exchange should the amendment be adopted and move forward and we wanted to present that information to you.

If you would not like to see what has been identified for potential inclusions in the Forest Preserve or feel that's not a good use of your time, we will understand. We wanted to extend the offer to provide you with this new information.

Please let me know either way.

Thanks-
Julie

Julie,

With respect, you know where we stand and we had a good exchange a month ago.

Can you give me reasons why the department feels another meeting would be mutually productive?

Perhaps a phone call could help clarify - if you feel that would be worthwhile.

Thanks,
Dave
