Ryan,

Attached is a copy of a letter the USW has sent to the Speakers office and all the Assembly members. It is important that we maintain this operation for the benefit of our members. I have also spoken with Chris Ballantyne from the DEC regarding this issue. As you may know his office has been working on this and they are in full support. If the Fed could engage on this it would be most helpful. If you have any questions, please call, thanks.
